Pass in any qualification	95.0	91.4	94.9	100	94.0	97.5	57.9	57.4	57.7
1 or more C grades (4+) at GCSE	12.5	22.8	30.8	17.5	17.7	50.0			

**Commentary:** (Green indicates improvement)

- Larches Attainment 8 figures only include approved qualifications in order that they can be compared to other schools. Even so they are higher than local, regional and national figures for alternative providers. A lot of our students take alternative qualifications that do not form part of the government's Progress 8 figure. If our non-approved qualifications were included these figures would be even higher
- There has been a sustained year on year increase in the number of students achieving 5+ GCSE/Equivalent qualifications
- All students that engaged with provision achieved at least one qualification
